PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented **Java Backend Developer** with a strong foundation in **Java, Spring Boot, MySQL**, and **RESTful API development**. Experienced in building backend applications and database-driven projects through academic and personal projects. Passionate about writing clean, maintainable, and scalable code while continuously learning modern backend technologies. Seeking an entry-level role to apply my technical skills and contribute to real-world software development.

WORK EXPERIENCES

Java Full Stack Developer Intern | Internship

May 2025 - Oct 2025

Code for Success

- Developed a full-stack **E-Commerce web application** using Java, Spring Boot, React, and MySQL, integrating **4 core modules** for users, products, cart, and orders.
- Built **RESTful APIs** for **4 major business modules**: user, product, cart, and order management.
- Implemented **Spring Security** authentication and integrated MySQL using Spring Data JPA for secure database-driven operations.
- Utilized Git, Maven, Postman, and IntelliJ IDEA for development, API testing, build management, and version control.

Technologies / Skills Used : Java, Spring Boot, React, MySQL, Spring Security, REST APIs, Git, Maven, Postman, IntelliJ IDEA

PROJECTS

North-wine-E-commerce-web-Application | GitHub

Developer

- Developed a full-stack **E-Commerce web application** using Java, Spring Boot, React, and MySQL, implementing **3 core modules**: product catalog, shopping cart, and order management.
- Built **RESTful APIs** supporting **3 major workflows** for product browsing, cart management, and order processing.
- Implemented secure authentication and authorization using **Spring Security** and integrated MySQL through Spring Data JPA.
- Designed a responsive **React-based UI** and used Git, Maven, and Postman for development, build management, API testing, and version control.

Tools Used : Java, Spring Boot, React, MySQL, Spring Security, REST APIs

Rail-Bharat | GitHub

Developer

Developed a full-stack railway reservation application using **Java 21, Spring Boot**, and **MySQL**. Key features include:

- Train search functionality**
- JWT authentication**
- Booking and cancellation options
- PNR lookup
- Email notifications
- Razorpay Test Mode payment integration**

Tools Used : Java 21, Spring boot, Spring Security, Hibernate/JPA, MySQL, Rest APIs, JWT

Portfolio Website | GitHub

Developer

- Developed a responsive **3D developer portfolio** using **React, TypeScript, JavaScript, HTML, CSS, Three.js, WebGL**, and **GSAP**.
- Implemented interactive 3D visuals, smooth animations, and motion effects to create an engaging web experience.
- Designed the portfolio to effectively showcase technical skills, software projects, and professional experience through an immersive frontend interface.

Tools Used : React, TypeScript, JavaScript, HTML, CSS, GSAP, Three.js, WebGL

SKILLS

Databases :	MySQL
Frameworks & Libraries :	Spring Boot, ReactJS, Hibernate
Languages :	English, Hindi
Programming Languages :	Java
Soft Skills :	Problem-solving, Critical thinking, Communication, Time management
Tools & Platforms :	Maven, Docker, Kafka, Mockito, Git

EDUCATIONS

Year	Degree	Institute
2022 - 2026	B.Tech in Computer Science & Engineering	Roorkee Institute of Technology

CERTIFICATIONS

Website Development Tutorial

Dec 2024

Infosys Springboard

Completed a website development course focused on core web development concepts, responsive design, and practical techniques for building modern web applications.

Java Full Stack Development Program

Oct 2025

Code For Success

- Completed a **Java Full Stack Development Program** covering Java, Spring Boot, React, MySQL, REST APIs, and Spring Security, focusing on full-stack web application development.

Webinar on “India: 2047 – How New Age Technologies are Shaping up India & Creating Opportunities for Engineering Graduates”

Feb
2026

NAMTECH

- Participated in a professional webinar on **emerging technologies**, exploring industry opportunities and their impact on **India's technological growth** toward 2047.
